Career Objectives

To obtain a position in the Machine Learning or Data Science domain where my established expertise in frontend and backend development, coupled with my deep interest in AI architectures and data analysis, can be utilized. My goal is to develop efficient, high-quality, and scalable systems that transform data into actionable intelligence and contribute to a culture of excellence and continuous innovation.

Biographical Summary

Birthday	2 October, 2003 (22-year-old)	Civil Status	Single
Address	Marikina City, 1800	Nationality	Filipino (Jus Sanguinis)

Voluntary Experience

Technical Student Assistant Of CCS Dean at Eulogio Amang Rodriguez Institute of Science and Technology
1 July 2025 – Present
H2X2+JG2, Nagtahan St, Sampaloc, Manila, 1008 Metro Manila, Philippines

Training & Certifications

AWS Training & Certification

- AWS Artificial Intelligence Practitioner
- AWS Educate - Machine Learning Foundation
- AWS Educate - Introduction to Generative Artificial Intelligence
- Developing Machine Learning Solutions
- Developing Generative Artificial Intelligence Solutions
- Essentials of Prompt Engineering
- Exploring Artificial Intelligence Use Cases and Applications
- Fundamentals of Machine Learning and Artificial Intelligence
- Optimizing Foundation Models
- Responsible Artificial Intelligence Practices
- Security, Compliance, and Governance for AI Solutions

Educational Attainment

Bachelor of Science in Computer Science, A.Y. 2022 – 2026 (Expected)
Eulogio “Amang” Rodriguez Institute of Science and Technology

ICT - Computer Programming, S.Y. 2020 – 2022
Gardner College Cainta

Skills

- | | |
|-----------------------------------|---------------------|
| Object Oriented Programming | Networking |
| Software Engineering Mobile / Web | Generative AI / LLM |
| Database Management | System Design |
| Machine Learning Algorithms | Data Structures |
| Digital Logic Design | Version Control |
| Information Management | Intelligent Systems |
| Human Computer Interaction | Cybersecurity |
